

## Direct Tax Service

Payroll Direct is one of the only payroll services in the country to offer “Direct Tax Service”, which allows our customers to keep their tax dollars until due date. Most payroll services debit at least 2 days prior to check date, holding your funds a full 5 days before they’re due.

In today’s economic conditions, “[Direct Tax Service](#)” is a great way to let your money work for you instead of for your payroll company.

### **Facts:**

- Federal and State Withholding Payments are due at least 3 days AFTER your check date
- Federal and State Unemployment Tax Payments are due at the end of each quarter
- Most payroll providers debit your bank account for taxes when your payroll is processed
- The payroll industry has no regulations that prohibit investing client tax funds

### **Benefits:**

- Cash flow flexibility.
- Maintain control of your money
- Confirm payments on your bank statement or online
- Never question how much of your money we have
- Never wonder how we are investing your tax money

## Other Tax Service Options

If you prefer to have your payroll and tax dollars debited at the same time, then our **Standard Tax Service** is for you. We debit all of your tax dollars when your payroll processes, and pay your taxes for you when they are due.

Our **Tax Notification Service** is for those of you who prefer to make your own tax payments. We will provide signature-ready quarterly and annual tax returns for you to file. At your request, we will also file Federal and State W-2’s at year end.
